Let No. 373/S-7/22
08-02-2022

To,

The Hon'ble Vice-Chancellor
University of Allahabad, Prayagraj-211002

Subject: Request to permit the co-mentorship to PG(Statistics) students for their project-work.

Hon'ble Ma'am,

This is to bring to your kind notice that there are total 34 students in MA/MSc 3rd Semester in Department of Statistics and they have to complete a project in their 3rd and 4th semesters (5 credits in each semester). In recent past, the faculties of this department have co-supervised the research work of the students of various other departments. Now there is only one permanent faculty in the department. So, in this regard, I request you to kindly permit the PG students of this department to get co-supervised by the alumni of this department working as faculties in different Indian as well as foreign academic institutes, or working in different research organizations and industry (both Indian as well as foreign). This will not only give a good exposure to our students but also encourage them to give their best and hence the quality of their project will certainly improve.

Hoping to receive an early and favorable decision.

Thanking you.

Sincerely yours

Shekhar Srivastava
